Kevin and Stuart want to play the 'The Minion Game'.

Game Rules

Both players are given the same string,  $S$ .  
Both players have to make substrings using the letters of the string  $S$ .  
Stuart has to make words starting with consonants.  
Kevin has to make words starting with vowels.

The game ends when both players have made all possible substrings.

Scoring

A player gets +1 point for each occurrence of the substring in the string  $S$ .

For Example:

String  $S$  = BANANA  
Kevin's vowel beginning word = ANA  
Here, ANA occurs twice in BANANA. Hence, Kevin will get 2 Points.

For better understanding, see the image below:

WORDS	SCORE
B	1
N	2
BA	1
